

T-SHIRT addresses school community members, teachers in primary education and, subsequently, their pupils (aged 7-12).

The main **objective** of the project is to empower educators by increasing their **gender equality awareness** and building their **competencies in addressing gender behaviours** in the classroom.

The **T-SHIRT Courses for Teachers** is a complete approach, which includes materials for teachers to understand and apply gender awareness and equality in the classroom.

T-SHIRT Guide and Methodology Package provides teachers with strategies and techniques for cultivating better gender perceptions and awareness amongst pupils.

T-SHIRT Digital Resources and Tools encompasses the digital tools for use by teachers to support gender equality teaching and learning.

Working towards

A common pedagogic approach towards gender equality in primary education across European institutions.
